Coronavirus Update – March 9th 2020

Dear Parent/Carer,

The School is following the advice and guidance of Public Health Wales, the Local Authority, the NHS and Welsh Government, and we will continue to monitor any changes as they arise.

Useful advice for parents is provided by Public Health Wales and can be found via the link:

We will be informing pupils of how they can minimise infections, including Covid-19. We encourage pupils to operate personal hygiene measures, as advised by the NHS and Public Health Wales. Visual displays are now in place in toilets and NHS posters are displayed around the school of how to minimise infection.

Should any specific cases of Covid-19 be reported within the School, staff will work alongside Public Health Wales experts to look at what further measures and actions, over and above 'normal measures', are required. We will continue to follow this guidance from the Local Authority, in collaboration with the NHS and Public Health Wales.

Any pupils/family members need to liaise with the NHS line directly, should they feel unwell with flu-like symptoms. People who have travelled to, and returned from Italy, and other ‘Category 1’ areas have already had specific advice from government and health officials. They will be assisted accordingly by the professionals in the health service, should they become unwell. The NHS 111 hotline has been established to provide information and respond to concerns and queries

School Educational Visits:

Educational visits planned for Easter will continue unless there is any directive from the Foreign Commonwealth Office to avoid essential travel. We are monitoring this situation carefully in consultation with the Local Authority.

We will be providing further information for parents regarding school educational visits later this week.

As you may be aware, the Prime Minister is holding a Cobra meeting later today to decide upon next measures, including the next stage of preparedness, and the school will follow Government advice as and when it becomes available.

Yours sincerely

RK Pawar (Headteacher)
